Worker Advancement Initiative

What is the Worker Advancement Initiative?

The Worker Advancement Initiative serves people whose jobs have not come back since the pandemic, as well as those who were not attached to or were not successful in the labor market prior to the pandemic, by offering subsidized employment and skills training opportunities with local employers. The program builds on the success of current transitional job programs in the state by launching a new, statewide effort to provide subsidized work opportunities to approximately 2,000 individuals.

Workforce Innovation and
Opportunity Act

WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA)

•The Workforce Innovation and Opportunity Act strengthens and improves our nation's public workforce system and helps get Americans, including youth and those with significant barriers to employment, into high-quality jobs and careers and help employers hire and retain skilled workers. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. At Workforce Development we separate these into three areas:

- Youth
- Adult
- Dislocated Workers
- Rapid Response
